*Take and Read: The Gospels* was welcomed by many thousands of individuals drawn to read and pray the Scriptures. The format is ideal for introducing people to the depth of the text. The presentation of each passage is enriched by excerpts from the Fathers, and the teaching of the Church, and by paintings and photos which lead into deeper reflection and prayer.

*Take and Read: The Letter to the Romans* will help the reader to examine one of the most important documents of the New Testament. It presents the gospel as preached by Saint Paul. It is an inspired explanation of the full meaning of Christ's death and resurrection. If you want assistance in understanding Paul, this is the place to start.
